RE: Customer service praise (Sales rep: Edward Hiebel)

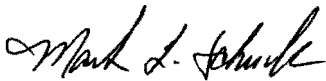

Sir,

I write to praise the outstanding customer service I have received from Mr. Ed Hiebel from Niles, Michigan. America needs more "sold out" sales people that represent professionalism, such as Ed.

Ed has taken care of my equipment needs, through "All Automotive equipment" in Nunica, Michigan, for the last 22 years. I have purchased 15 hoists from Ed over the years, and his personal attention surpasses what you would expect. His expertise keeps me coming back.

I also happen to love your product, even though fine customer service is as important to me.

Sincerely,

*Mark L. Schuck
President*
